Director's Cut

I hope you and your children had a wonderful holiday break. Being back in school means we will be picking up right where we left off. As third quarter begins students will be taking the Exact Path tests again to assess their progress. Hopefully everyone has advanced since taking these at the beginning of the year, that is of course our goal. If I notice any significant decreases or that a student hasn't been advancing like they should I will be sure and contact you so that we can get them back into that forward momentum. If you have questions about the testing or concerns about your child's progress this year please do not hesitate to contact me.

Open Library

Just a reminder that first grade students have the opportunity to participate in the school's Open Library Reading Program. This program gives students the chance to stay after school and read with teachers and older students in the library. The program is always on Tuesdays and goes from right after school until 5:00 pm. Please make sure if your child attends you are here no later than 5:00 to pick them up. If your child wishes to stay they will need to sign a permission form if they haven't done so already. I can get a new form to you if this is something your child wishes to do. Snacks and drinks are available for purchase at Open Library. If students wish to purchase them they'll need to bring about \$3. Students also have the option of bringing a snack and a drink from home. We just ask that you do not send more than 2 snack options and their drink has a screw on lid.
